Dear School District Families,

April 30, 2024

In order to better understand and support the health-related challenges affecting youth, Lisbon Regional School is taking part in the 2024 MiddleSchool Youth Risk Behavior Survey (YRBS). The survey is based largely on a national survey that was developed by the Centers for Disease Control and Prevention (CDC). The survey will ask about the health behaviors of middle school students. Specifically, the survey will ask questions about screen time and sleep, stress, and mental wellness, online and in person bullying, and tobacco, alcohol, and other drug perception of risk and use.

Students will complete the online survey, which takes around 45 minutes, on May 14, 2024. Completing the survey will cause little or no risk to your child. The only potential risk is that some students might find certain questions to be sensitive. The survey has been designed to protect your child's privacy. Students will not put their names on the survey and there are strict confidentiality guidelines that are followed by the staff that administers the survey.

For the survey results to be accurate, it is important that all students, regardless of whether they have engaged in health-risk behaviors, are given an opportunity to participate in the survey. The survey is voluntary, however. No action will be taken against the school, you, or your child if your child does not take the survey. Students may skip any questions they do not wish to answer. In addition, students may stop taking the survey at any point without penalty. If you would like to see the survey, a copy is available on the school district website. If you have additional questions about the survey, please contact Laura Clark or Paula Frank.

Aggregate results for the school district will be provided to the school district by the late spring of 2024 and will be used to inform programming to improve the health and overall well-being of children and youth in the Lisbon Regional School District.

Please complete the attached form **only if you do not** want your child to take part in the survey, and return the form to Paula Frank no later than May 8, 2024. Please contact Laura Clark or Paula Frank with any questions at (603) 838-6672.

Sincerely,

The Lisbon Regional School Administration
