MOTION MADE BY ARTHUR BOUTIN TO APPROVE THE AUGUST BOARD MINUTES WITH THE CORRECTION OF THE DATE, SECONDED BY NINA BROWN. ALL IN FAVOR. APPROVED.

FINANCIAL:
Manifolds were passed around and signed. Toni clarified that the reason the manifests are passed around and signed at the board meetings is so that the SAU office can pay all of our invoices every two weeks, not just the Mom and Pop businesses, but all of our invoices. Toni has spent some time going over the financial reports. She handed out an expenditure report, as well as, the surplus/deficit statement. She also discussed our finances and said that we are in pretty good shape. After researching power supply sourcing, Toni thinks it’s easier to go without a consultant for each school. Prior business managers had done a mix of both with and without consultants. Toni will bring back pricing options to the October meeting for a vote. The school lunch program - We’ve been told that all meals are free for all people under the age of 18. If we have any families that want to come pick up lunches, they are allowed to. This is for anybody, not just the free and reduced recipients. We have left messages and emails and have done everything we can do to let the National Lunch Program know that yes, we do want to participate. We are trying to clarify that it is available for our school. We will still encourage families to put in their applications for free and reduced lunches so that we can still track it. This program is the Seamless Summer Option - National Lunch Program.

PRINCIPAL’S REPORT:
There were a few changes to the student handbook. One of the changes will be attendance related - any parent that calls to tell us that their child is home sick, they will now be excused. Whereas before, it was only excused with a medical note. Discipline - Mask Violations: the student will get sent home. Clothing and masks with inappropriate images will not be allowed. No Homework Club for now. Academic Dishonesty Policy - because we have some students that are in person learning and some that are distance learning we had to change the policy, because we can not give out administrative detentions to students that are remote learning. We have about 80% face to face learning and 20% remote.

MOTION MADE BY ARTHUR BOUTIN TO APPROVE THE UPDATED 2020/21 STUDENT HANDBOOK, SECONDED BY LORI WILLIAMS. ALL IN FAVOR. APPROVED.

Mrs. Daniels asked the board if a staff member or student travels outside of New England, will they have to do the two week quarantine or just get the COVID test? Nina Brown said they have to do a two week quarantine as a definite. If they come down with any symptoms, they will have to get tested immediately. That’s at their own cost. Once they come back they get their temperatures taken and reported twice a day.

BGC Transportation - Lisbon is the only school that was providing free transportation to BGC. Basically a dollar a day. Maybe the Lisbon families should be paying a transportation fee. We have about 24 students that go, which will fill a bus with the social distancing requirements.

Vacant Board Seat - Chairman Clark spoke to the board and said that we should just leave it vacant for now. We could appoint somebody for now or leave it open as it’s the board's discretion.

Draft Entry Plan - Now that school is underway, she’ll be turning her attention back to her Entry Plan for SAU 35. Right now Superintendent Thomas is immersing herself in the budget, finishing various interviews, reviewing. We’ll see her report in October. She is looking forward to summarizing what she has learned about the five schools in her report in October.
