MINUTES

PRESENT: Chairman Owen Clark, Vice Chairman Bob Adams, Principal Jackie Daniels, Superintendent Tari Thomas, Business Administrator Toni Butterfield, Board Members Arthur Boutin, Steve Sherry, Lori Williams, Nina Brown, Scott Peterson, Mo Chandler, Tucker Clark

Public attendees: Aiden Jessemen, Kelly Jessemen, Mariah Jellison, Greg Jellison, Koren Superchi, Megan Trudell, Stephen Hopkins, Abbie Hollingworth-Richards, Kathy Colby

Chairman Owen Clark called the meeting to order at: 5:31 pm.

Public Input:

Koren Superchi came to support parents and families being able to attend the awards ceremony as they normally would. As a parent of a senior student she believes being able to attend the ceremony would mean a lot as parents have had to miss many normal events for their children due to restrictions placed for COVID-19. Principal Jackie Daniels explained to the board that Elementary will receive their awards grades 3-7 at an assembly at school, 8th grade will receive their awards at their celebration, and High School students will receive their awards at another awards assembly and believes the school should be able to accommodate family attendance to the award ceremonies due to grades/ceremonies being separated as they are. Board members agreed this would be reasonable and accommodatable.

Megan Trudell proposed a plan should be developed to bring positions back over time that have been cut this year. Miss Trudell's concern is the elimination of programs will be detrimental to student education and there are more students every year that choose to attend a different school than Lisbon Regional when they have school choice. Chairman Clark explained positions have been cut, but programs have not. Lisbon Regional will still be offering the same programs as the previous years. Many of the positions that were cut were teachers and other staff members who were retiring. Due to the versatility of our teachers, programs will be taken on by other teachers. For elementary classes this means larger one-teacher classes (for whole class sizes under 25 per regulations). The problem with bringing back positions and adding more staff is that it would be difficult to sustain financially with the current budget and that these cuts were done to fulfill the financial needs of the town members. Many students that live in towns with school choice (such as Bath) tend to choose the school the majority of their friends decide to attend and this decision may also be made due to geographic reasons (closer to Woodsville town line). Board member Mo Chandler proposed discussing in the future better marketing for programs Lisbon Regional can offer in efforts to increase student numbers.

MOTION MADE BY BOARD MEMBER STEVE SHERRY TO APPROVE THE MAY 12TH '21 BOARD MINUTES, SECONDED BY BOARD MEMBER NINA BROWN ALL IN FAVOR. APPROVED.

Tucker Clark was sworn in by Superintendent Tari Thomas as a new School Board Member. Bob Adams was sworn in by Superintendent Thomas as a returning School Board Member. Mo Chandler was sworn in by Superintendent Thomas as a returning School Board Member.

Yearly committee designations discussed. Board Member Mo Chandler added to the Budget Committee. Board Member Nina Brown removed from Budget Committee. Board Member Steve Sherry removed from Transportation Committee. Board Member Tucker Clark added to the Transportation Committee.

FINANCIAL:

We will have a hefty unencumbered balance of around a million dollars currently, however, projecting to have 500,000 by June 30th. The school is working on spending down this money by using it toward building upgrades such as replacing windows that have needed replacing, needed custodial equipment, rooftop units, air filtration filters, carpet replacement, purchasing a reliable school owned drivers education car, updated locks at school doors that utilize a phob to increase safety and security, updated phone system, cafeteria equipment. As well as a literacy program for k-6 and purchasing technology needs for next year. Business Administrator Toni Butterfield explained the logistics of when payments must be fulfilled for these funds that are separated into 3 pots of money.

BUILDING AND GROUNDS:

Chairman Steve Sherry gave the Buildings and Grounds Report. The freezer time delay failed and the part is on order. The quote to fix all non operable windows is \$4,900. Gym floor will be re-coated 6/28. Asbestos analyticals were sent to NH DES per their request. Rooms 181, 182, 185-188 will be stored in the Multi-Purpose Room during the abatement. The boiler loop circulator pump is short-cycling, this should be under warranty and will be taken care of when the company comes in for their regular maintenance. On 5/20 all 3 boilers were inspected through the next 2 years. Chris Leavitt had a 30 minute phone conversation with the roofing company on 5/29 and determined there will be water channels created. We just started using our last 55 gallon barrel of "Vital Oxide" which is a good place. Supplies have started to be ordered for next year.

Summer 2021 Creative Writing Camp

Limited number of seats: 15

Carlene Gadapee, facilitator

We will be writing about the world and nature we see, the world we want to see, and unexpected worlds we never really saw before! Both poetry and fiction writing are welcome, and everyone will get to try both. We will read a few short pieces, then work on our own drafts. We will be outdoors unless it's raining out, so we will not need computers –just a notebook, some pencils and pens, a comfortable mask, and some bug spray and sunscreen!

The Summer Creative Writing Camp is open to all students currently in grades 7-12 (yes, even if you just graduated but you really want to come and write). We will meet at the school on Mondays and Wednesdays, 1-2:30 for eight sessions, beginning

Monday, July 5- Wed., July 28. At the end of the sessions, each participant will submit one “polished up and typed” draft to a designated Google Classroom. These will be included in an anthology of our work which will be both printed out and available on the school website.
